

SUSHRAM
FEEL THE HERBAL HEAL

SUSHRAM
FEEL THE HERBAL HEAL

Sushram Agro International is well-grounded Manufacturer and Exporter of Natural Herbs, Spices Essential Oils. It is one of the largest exporter of Indian Origin **Moringa Oleifera, Guar Gum, Stevia Leaves, 100% pure Cold-Pressed Moringa Oil, Lemongrass oil and few more base and essential oils.**

Sushram is based in central India (Indore) with overseas operations covering from the USA, Europe, and Asian Countries. It also enjoys an envious share in the domestic market and boasts of a pan-India presence.

Our Values And Guiding Lights

Sushram Agro is driven by values, honesty, transparency and integrity. Sushram has been successful in establishing long-term business and personal relationships with companies and individuals that share and practice the mutual belief.

With a sharp focus on quality, strong product portfolio and sound technological base, the company is on the path of rapid growth in the herb and spices sector.

Quality Is Our Topmost Priority

Quality is accorded paramount importance at Sushram Agro. Its strong focus on quality has played a major role in earning the trust of the customers worldwide.

A no-compromise approach towards Quality is followed at every stage – right from procurement from the farmers to processing, packaging and distribution. The Company is also committed to delivering the same standard of quality on continuous basis.

Our Moringa Products

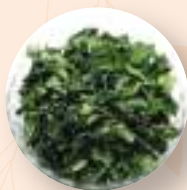

Moringa Oleifera is native to India and it contains more nutrition than Moringa grown in other places. The water, red soil and perfect weather are the significant factors for its best nutritional values. Moringa leaves are the most nutrient rich part in Moringa Oleifera tree.

Quality of Sushram's Moringa

The fresh Moringa leaves are collected from the organically grown Moringa tree. The Moringa leaves are carefully **washed** and **shadow dried** under controlled atmospheric conditions at a **low temperature** because of no direct sunlight and no air contamination Sushram's Moringa Leaves are rich in nutrients.

We offer Moringa leaf **powder without sand** and the **External Irons** will be detected and eliminated using Bar Magnet in 4 different stages during production, we can offer **40 mesh, 60 mesh, 80 mesh** and **100 mesh** fine powder like talcum powders. A nutritional and Microbial count will be maintained and standardized.
